The gleam's not just in your eye

CHROME COVER: Gallardo comes wrapped in its own skin — at a cost of about \$17,000

BY ANDREW MCCREDIE
THE PROVINCE

Typically at the Vancouver International Auto Show, the wraps come off the display vehicles for the crowd to see.

But this year one of the most spectacular — and we're guessing most popular — vehicles will remain under wraps for the entire show.

Canawrap Imaging Inc will unveil its incredible full chrome wrapped Lamborghini Gallardo Spyder at the show, which opens tomorrow at BC Place at noon and runs through to Sunday (see show info box on page C3 for complete show details).

This will be the first showing in North America of the chrome Lambo, which will be located at the Canawrap Booth in The Market Place section of the show.

"Most people have never in their lives seen a chrome-wrapped vehicle, much less thought it was even possible," says Canawrap Imaging owner Jonathan Glen.

"This is an absolutely stunning vehicle wrap applied to a stunning vehicle, I'm positive that it will be a highlight for attendees to the auto show this year."

Glen says the custom chrome vehicle wrap, valued at approximately \$17,000, took more than 70 hours to apply using 3M's most innovative chrome wrap films.

Chrome wrap refinishing has been seen in limited release in the U.K. and other parts of the world, but because of its unique properties and cost associated with this kind of wrap, very few in North America have ever attempted the challenging use of this unique chrome film.
